MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

I. Overview:

The objective of this report is to convey the Management's perspective on the external environment and trading and distribution of mobile phones, electronic gadgets as well as strategy, operating and financial performance, material developments in human resources and industrial relations, risks and opportunities and internal control systems and their adequacy in the Company during the FY 2022-23 This should be read in conjunction with the Company's financial statements, the schedules and notes thereto and other information included elsewhere in the Integrated Report. The Company's financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') complying with the requirements of the Companies Act, 2013, as amended and regulations issued by the Securities and Exchange Board of India ('SEBI') from time to time.

Industry Structure and Developments:

Global Economy:

The global economy continues to gradually recover from the pandemic.

The COVID-19 health crisis is officially over, and supply-chain disruptions have returned to pre-pandemic levels. Economic activity in the first quarter of the year proved resilient, despite the challenging environment, amid surprisingly strong labor markets. Energy and food prices have come down sharply from their war-induced peaks, allowing global inflation pressures to ease faster than expected. And financial instability following the March banking turmoil remains contained thanks to forceful action by the US and Swiss authorities.

Under our baseline forecast growth will slow from last year's 3.5 percent to 3 percent this year and next, a 0.2 percentage points upgrade for 2023 from our April projections. Global inflation is projected to decline from 8.7 percent last year to 6.8 percent this year, a 0.2 percentage point downward revision, and 5.2 percent in 2024.

The slowdown is concentrated in advanced economies, where growth will fall from 2.7 percent in 2022 to 1.5 percent this year and remain subdued at 1.4 percent next year. The euro area, still reeling from last year's sharp spike in gas prices caused by the war, is set to decelerate sharply.

By contrast, growth in emerging markets and developing economies is still expected to pick-up with year-on-year growth accelerating from 3.1 percent in 2022 to 4.1 percent this year and next. (The corresponding annual growth, shown on the chart below, is 4 percent for 2022 and 2023 and 4.1% for 2024.)

Indian Economy:

India may well be on track to becoming the third largest economy in the world in the coming years, but a number of factors including the performance of other countries, skilling of our workforce as well as a sustained revival in domestic consumption demand would play a key role in achieving this. The Indian economy, however, has the potential to grow by a robust 6.5-7% per annum, according to economists.

India is very much on target to becoming the third largest economy based on the IMF's projections as well as domestic estimates. Our real rate of investment is about 33%, the current account deficit is lowering and our demographic dividend is coming into play," said DK Srivastava, Chief Policy Adviser, EY, while noting that India has also managed to meet the challenges thrown up by the Russian-Ukraine war that has led to supply side bottlenecks for many countries.

Technology Industry:

Economic headwinds seem to be gathering for business in general, and for the technology industry specifically. But there are many regulatory incentives that may spur innovation and growth in 2023 and beyond. To survive and thrive, technology companies should rededicate their efforts to improving supply operations, modernizing infrastructure, and leveraging growth opportunities.

The technology industry has not just weathered the pandemic-driven disruptions of the past few years; it has flourished. The crisis thrust many organizations into the future, accelerating digital transformation and changing work models dramatically. But in 2023, the tech industry will likely continue to grapple with issues around supply chains, workforce, and innovation—now exacerbated by considerable macroeconomic and global uncertainties:

Risks, Concerns and Threats:

With the financial reforms likely to add impetus to industry growth and likelihood of stable political environment, the domestic market should pose better opportunities in terms of volume growth.

Achieving sustainable growth can also present challenges. The skills, expertise, the supply chain to develop products, are major threats for sustaining in the long term.

As companies seek business solutions to address remote work, social distancing and the need for in-store alternatives, the demand for developer and engineering talent is likely to increase. Retaining top talent will be essential.

Expect relatively high impact on the smartphone industry because of its labor-intensive supply chain. Smartphone production is projected to decline by 12% YoY in 1Q20; server revenue is projected to decline by 16% YoY in 1Q20.

Internal Control Systems and Their Adequacy

The Company strongly believes that a robust internal control mechanism is a prerequisite to ensure that an organization functions ethically, complies with all legal and regulatory requirements and observes the generally accepted principles of good corporate governance. To enable this, the Company has established a strong internal control system for the Company, which is comprised of policies, guidelines and procedures to ensure the orderly and efficient financial and business conduct.

The Company has adopted strong internal control systems backed by constant reviews and up-gradation. Internal Audit, Statutory Audit by external agencies and the Audit Committee, look into the internal control aspects and further advice on the corrective measures as and when required.

Human Resources Development/Industrial Relations

Human resources are valuable assets for any organization. The employees of the Company have extended a very productive cooperation in the efforts of the management to carrying the Company to greater heights. The Company is giving emphasis to upgrade the skills of its human resources and continuous training down the line is a normal feature in the Company to upgrade the skills and knowledge of the employees of the Company

Outlook:

The Board of Directors and the Management of the Company are pursuing various available options to rehabilitate the Company and considering future business plans for the Company.

Cautionary Statement:

The statements in this section describe the Company's objectives, projections, estimates, expectations and predictions, which may be "forward looking statements" within the meaning of the applicable laws and regulations. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023 and profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Director's report, but does not include the standalone financial statements and our auditor's report thereon.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Safa Systems & Technologies Limited** **Report on the Audit of the Standalone Financial Statements**

Management's and Board of Director's Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Standalone Financial Statement

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.

- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Annexure B referred to in Paragraph 2 clause (f) under “Report on Other Legal and Regulatory Requirements” section of the Independent Auditor’s Report of even date to the members of Safa Systems & Technologies Limited on the standalone financial statements for the year ended 31 March 2023

Independent Auditor’s Report on the Internal Financial Controls with reference to the Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the standalone financial statements of Safa Systems & Technologies Limited (“the Company”) as at and for the year 31 March 2023, we have audited the internal financial controls with reference to financial statements of the Company on that date.

Responsibilities of Management for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by the Institute of Chartered Accountants of India (“ICAI”) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal financial controls over financial reporting and their operating effectiveness. Our audit of Internal financial controls over financial reporting included obtaining an understanding of Internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Annexure B referred to in Paragraph 2 clause (g) under “Report on Other Legal and Regulatory Requirements” section of the Independent Auditor’s Report of even date to the members of Safa Systems & Technologies Limited on the standalone financial statements for the year ended 31 March 2023

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, Also projections of any evaluation of the internal financial controls over financial reporting to future period are subject to the risk that Internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls systems over financial reporting and such internal financial controls systems over financial reporting were operating effectively as at 31 March 2023, based on internal financial controls systems over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of internal financial controls systems over financial reporting issued by the Institute of Chartered Accountants of India.

The Company is mainly involved into the business of distribution of mobile phones, electronic gadgets, mobile phone accessories, computer and computer parts and other electronic media equipment’s.

02 : SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting and Preparation of the Financial Statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 (“the 2013 Act”) and the relevant provisions of the 1956 Act / 2013 Act, as applicable. The financial statements of the Company are prepared under the historical cost convention using the accrual method of accounting. The accounting policies adopted in the preparation of the financial statements are consistent with those of the previous year. All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in Schedule III to the 2013 Act.

(b) Use of Estimates

The presentation of the financial statements, in conformity with Indian GAAP, requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable, future results could differ, the differences between the actual results and the estimates are recognised in the period in which the results are known / materialise.

(c) Property, plant and equipment (PPE)

Tangible assets are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost comprises of the purchase price including import duties and non-refundable taxes, and directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management. Capital expenditure incurred on rented properties is classified as ‘Leasehold improvements’ under property, plant and equipment.

Subsequent costs related to an item of Property, Plant and Equipment are recognised in the carrying amount of the item if the recognition criteria are met. Items of Property, Plant and Equipment that have been retired from active use and are held for disposal are stated at the lower of their net carrying amount and net realisable value and are shown separately in the financial statements under the head ‘Other current assets’. Any write-down in this regard is recognised immediately in the Statement of Profit and Loss. An item of Property, Plant and Equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising on derecognition is recognised in the Statement of Profit and Loss.

Depreciation on tangible asset is recognised on a straight line basis based on a useful life of the assets prescribed in Schedule II to the Act. If the management's estimates of the useful life of an asset at the time of acquisition of assets or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid schedule, depreciation is provided at a higher rate owing to their risk of higher obsolesce / wear & tear. The useful life of the assets has been reassessed based on the number of years for which the assets have already been put to use and the estimated minimum balance period for which the assets can be used in the Company. The estimated life of property, plant and equipment has been determined as follows:

Estimated useful life has been tabulated below:

Nature of Assets	Useful Life (In years)
Building	30
Office Equipment	5
Furniture & Fixture	10
Plant & Machinery	15
Vehicle	10
Computer	3

No further depreciation is provided in respect of assets that are fully written down but are still in use. Leasehold land in the nature of perpetual lease is not amortised. Other leasehold land are amortised over the period of the lease. All property, plant and equipment individually costing less than ₹5,000/- are fully depreciated in the year of purchase.

(d) Intangible assets

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. A rebuttable presumption that the useful life of an intangible asset will not exceed fifteen years from the date when the asset is available for use is considered by the management. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit and Loss. The estimated useful lives of intangible assets are as follows:

Nature of Assets	Useful Life (I.n years)
Software	3

(e) Impairment

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss account. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(f) Investment

Investments are classified between long term and current categories as per the Accounting Standards issued by Institute of Chartered Accountants of India.

Long term investments are stated at cost. Provision for diminution in the value of investments, if any, is made if the decline in value is of permanent nature. Current investments are valued at lower of cost or market value.

As a conservative and prudent policy, the Company does not provide for increase in the book value of individual investment held by it on the date of Balance Sheet.

(g) Inventories

The figure of closing stock is taken on the basis of physical count of stock by the management at the end of the year.

Inventories are valued at cost or net realizable value whichever is lower and on FIFO method.

(h) Revenue Recognition

1) Revenue from sale of product

Revenue is recognized in respect of sales on dispatch of product to the customers. Quality rebates, claims and other discounts, if any, are disclosed separately.

2) Other revenue

Interest on bank deposits is recognized on the time proportion basis taking into account the amounts invested and the rate of interest as applicable.

(i) Employee Benefits

1) Gratuity

Gratuity is calculated in the manner prescribed under Income Tax Act, 1961 and is recognized as expense on actual payment basis.

2) Other Short Term Benefits

Other short-term benefits are recognized as expenses on actual payment basis for the period during which services are rendered by the employee.

(j) Foreign currency transactions

Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Exchange differences

Exchange differences arising on the settlement of monetary items or on restatement of the Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise other than of the capitalisation of exchange differences which is referred to in PPE above.

(k) Taxation

The tax expense comprises of current tax and deferred tax. Current tax is the amount of income tax determined to be payable in respect of taxable income for a period as per the provisions of Income Tax Act, 1961. Deferred tax is the effect of timing differences between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are reviewed at each balance sheet date and recognised/derecognised only to the extent that there is reasonable/virtual certainty, depending on the nature of the timing differences, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

Minimum Alternate Tax ("MAT") credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent it is not reasonably certain that the Company will pay normal income tax during the specified period.

(l) Contingent liabilities and provisions

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably.

A disclosure is made for a contingent liability when there is a:

- a) possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully within the control of the Company;
- b) present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- c) present obligation, where a reliable estimate cannot be made.

A provision is recognised when the Company has a present obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not disclosed to their present value and are determined based on best estimates required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and are adjusted to reflect the current best estimates.

(m) Earnings per share

29 Employee benefits plans**A. Defined contribution plans:**

The Company makes Provident fund and Employee State Insurance Scheme contribution which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to the fund. The contribution payable to these plans by the Company are at rates specified in the rules of the schemes. Employers's contribution to Provident Fund and Employee's State Insurance Scheme recognised as expenses in the Statement of Profit and Loss for the year are as under:

	For the year ended 31 March 2023	For the year ended 31 March 2022
Contribution to provident fund and other funds	-	-

B. Defined benefit plans:

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service.

i) Amount recognised in the statement of profit and loss is as under :

	Gratuity benefits For the year ended	
	31 March 2023	31 March 2022
Current service cost	1.35	-
Past service cost including curtailment gains/losses	6.30	-
Interest cost	-	-
Actuarial (gain)/loss, net	-	-
Amount recognised during the year	7.65	-

ii) Movement in the present value of defined benefit obligation recognised in the balance sheet is as under:

	Gratuity Benefits For the year ended	
	31 March 2023	31 March 2022
Present value of defined benefit obligation as at the start of the year		
Current service cost	1.35	-
Past service cost	6.30	-
Interest cost	-	-
Actuarial (gain)/loss on obligation	-	-
Benefits paid	-	-
Present value of defined benefit obligation as at the end of the year	7.65	-
Current position of obligation as at the end of the year	0.74	-
Non-current position of obligation as at the end of the year	6.91	-

iii) Economic assumptions:

The principal assumptions are the discount rate and salary growth rate. The discount rate is generally based upon the market yield available on the Government bonds at the accounting date with a term that matches that of the liabilities and the salary growth rate takes account of inflation, seniority, promotion and other relevant factors on long term basis.

	As at 31 March 2023	As at 31 March 2022
Discount rate	7.36%	-
Salary growth rate	7.00%	-

iv) Demographic assumptions:

	As at 31 March 2023	As at 31 March 2022
Retirement age	58 years	-
Mortality table	IALM (2012-14)	-
Withdrawal rates		
Upto 30 years	10%	-
From 31 to 44	10%	-
Above 44 years	10%	-

These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors are determined close to each year-end by reference to government bonds and that have terms to maturity approximating to the terms of the related obligation. Other assumptions are based on management's historical experience.

v) Sensitivity analysis for defined benefit obligation

	Gratuity Benefits	
	For the year ended	
	31 March 2023	31 March 2022
Impact of the change in discount rate		
Present value of obligation at the end of the year	7.65	-
- Impact due to increase of 0.50 %	(0.24)	-
- Impact due to decrease of 0.50 %	0.25	-
Impact of the change in salary increase		
Present value of obligation at the end of the year	7.65	-
- Impact due to increase of 0.50 %	0.25	-
- Impact due to decrease of 0.50 %	(0.24)	-

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior period.
